VERZATEC | MAY 2024

Plastiglas is now part of Verzatec Group

Monterrey, N.L., Mexico – June 5th, 2024.

Verzatec Group, with over five decades of expertise, is pleased to announce the formalization of its acquisition of Plastiglas de Mexico S.A. de C.V., a subsidiary of Unigel Group.

This strategic acquisition marks a significant milestone in Verzatec's trajectory, strengthening the production and distribution of fiberglass-reinforced plastic laminates, polycarbonate sheets, and interior and exterior panels. Plastiglas de México's market presence in acrylic sheets in Mexico, the USA, and Canada complements Verzatec's existing portfolio and strengthens the solutions to the needs of its clients.

> *"We are delighted to finalize the acquisition of Plastiglas de Mexico, a move that aligns seamlessly with our commitment to innovation, quality, and customer-centricity.*
> *Together, we look forward to drive sustained growth as we continue to meet the evolving needs of our valued customers."*- said Alfredo Ibarra, CEO of Verzatec Group.

"Joining forces with Verzatec Group marks an exciting new chapter for Plastiglas de Mexico. Our shared dedication to innovation and customer satisfaction positions us for even greater success in the dynamic markets we serve. We are confident that together, we will unlock new opportunities and deliver value to our customers and stakeholders." - said Baltazar Manfro, CEO of Plastiglas de Mexico.

As Verzatec embarks on this new chapter, it remains dedicated to upholding the highest standards of excellence while delivering value to its stakeholders.

About Verzatec Group

The Company has positioned itself in the industry of the manufacture and sale of fiberglass-reinforced plastic panels; polycarbonate sheets, acrylic panels, FRP rebars, and panels for the construction and transportation industry.
Verzatec Group maintains a strong global presence with the use of the highest technology in its plants, strategically located to manufacture a large variety of products satisfying the needs of their clients and finding solutions to the market demands.
